

Offer - Specialized Internship in Zoological Medicine

Academic year 2024-2025

THE TRAINING COURSE

This internship provides a unique opportunity to improve your knowledge and skills in Exotic Animal Medicine and Surgery starting September 1, 2024. You will learn under the close supervision of 2 exclusive exotic veterinarians and an ECZM (small mammals) resident. The intern will participate in the management of patients admitted for consultation, as well as surgical and diagnostic procedures. He/she will be actively involved in supervising students and zoological medicine interns, particularly in hospitalization and for the procedures.

THE CLINIC

- Complete and modern platform for exotic pets
- Pleasant working environment
- Close cooperation with other specialists: ECVS, ECVIM-CA, ECVN, ECVDI, ECVA, ECVECC, ECAR, ECVCN, ECVD et ECVO

SKILLS

The candidate should hold a DVM or equivalent degree from an accredited veterinary school and a one year rotating internship (or equivalent experience) in exotic animal medicine. Proficiency in the French language is essential (B2 level). Effective communication and interpersonal skills are essential attributes, as the role requires collaboration within a team-oriented environment.

Would you like to join us?

Your applications should include a curriculum vitae, a covering letter and 2 letters of reference. All applicants are encouraged to schedule a visit to the clinic. Selected candidates will be contacted for an interview in April. Applications (including letters of reference) should be e-mailed to Nadine Fis (nadine.fis@uliege.be) by March 31, 2024.

For further information, please contact Dr Dimitri Alarcon (dimitri.Alarcon@uliege.be)
